in this outline of the secret wisdom of the divine plan vera stanley alder uses her rare gift for condensing and synthesizing the essentials of esoteric teachings to reveal the many aspects of ancient wisdom and its relationship to presentday scientific knowledge what makes this classic work so popular is alder s simple and unintimidating presentation of the various forms of

personal initiation according to alder we each hold the key to ancient wisdom if we open ourselves to recognize the universal knowledge that resides within this book is a guide to the conscious realization of the wholeness of life as we evolve throughout a lifetime

the ancient mysteries have long attracted the interest of scholars an interest that goes back at least to the time of the reformation after a period of interest around the turn of the twentieth century recent decades have seen an important study of walter burkert 1987 yet his thematic approach makes it hard to see how the actual initiation into the mysteries took place to do precisely that is the aim of this book it gives a thick description of the major mysteries not only of the famous eleusinian mysteries but also those located at the interface of greece and anatolia the mysteries of samothrace imbros and lemnos as well as those of the corybants it then proceeds to look at the orphic bacchic mysteries which have become increasingly better understood due to the many discoveries of new texts in the recent times having looked at classical greece we move on to the roman empire where we study not only the lesser mysteries which we know especially from pausanias but also the new ones of isis and mithras we conclude our book with a discussion of the possible influence of the mysteries on emerging christianity its detailed references and up to date bibliography will make this book indispensable for any scholar interested in the mysteries and ancient religion but also for those scholars who work on initiation or esoteric rituals which were often inspired by the ancient mysteries

the way of initiation or how to attain knowledge of the higher worlds by edouard schur first published in 1909 is a rare manuscript the original residing in one of the great libraries of the world this book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation restoration editors mission is to bring long out of print manuscripts back to life some smudges annotations or unclear text may still exist due to permanent damage to the original work we believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it
